Welcome

to the Community School of the Arts at Corbett Preparatory School of IDS. Participating in the arts can be one of life's most joyful experiences. Our CSA students prove that each and every session! Research shows that sustained involvement in the arts provides numerous intrinsic benefits. The arts promote cognitive development, health benefits, positive growth in behavior and attitude, and strong, long-term connections with the arts community.

The Community School of the Arts has programs ranging from guided exploration for young children, traditional classes and lessons, innovative seminars, and numerous performing opportunities.

Note the four sections offered in this brochure: 1) Music Classes; 2) Dance Classes; 3) Drama; 4) Musical Theatre.

Come, discover your creative genius.

Study Options

PRIVATE LESSONS: The one-on-one contact between teacher and student in the traditional private lesson allows the instruction to be catered to the student's unique needs. This is the best choice for motivated students at any level of experience. Private lessons are scheduled once each week for thirty minutes. (\$360 per trimester)

PAIR LESSONS: Two students and a teacher meet for thirty minutes once each week in pair lessons. This arrangement offers the flexibility of allocating part of the lesson to each student, working with both students together, and having the students coach each other under the direct supervision of a teacher. The social aspect of pair lessons is motivating to many students (\$250 for each student per trimester).

CLASS LESSONS: Small groups of students work with the teacher and each other in class lessons. The teacher sets the pace for each student. Older, more advanced students build their mastery by coaching younger, less experienced students. This provides an ideal introductory experience for many students (\$150 per trimester).
